BECOME A COACH!

Are you passionate about contributing to the development of a child's mind and body? A great coach can be one of the most positive influences in a child's life, helping to build a strong foundation in confidence and self-respect. Do you have a desire to teach Sonoma County youth the fundamentals of skill development and teamwork? We are currently looking for volunteer Coaches/Instructors in Basketball, Volleyball and Track & Field. We are also looking for Basketball Referees.
